### **Field Crew Leader**

Michigan Technological University - Dr. Amber Roth March - June 2010

- Led a crew of three to gather blood, feather and toenail samples of Blue-winged and Golden-winged Warblers across five study sites in Minnesota and Wisconsin; Developed the time line, budget and travel plans as to cover the largest area and gather the most samples; Established contact and coordinated site access on local, state, federal and military properties

### **Bird Bander**

Black Swamp Bird Observatory - Mark & Julie Shieldcastle - Spring and Fall 2004-2008

- Volunteered at least weekly during both spring and fall migration working at Black Swamp Bird Observatory's banding station. Extracted thousands of birds over the five years, was trusted to help train volunteers and extract birds solo even on very busy days or under harsh conditions. Banded hundreds of passerines.

### **Bird Bander**

Green Creek Wildlife Society - Tom Kashmer - 2002-2008

- Volunteered weekly throughout the year on various field projects. Primarily the rail migration project, checking traps, banding birds and taking vegetation data. Also helped with a wide variety of mist netting projects, including public education programs. Also checked fish and turtle traps, banded hundreds of fledgling Eastern Bluebirds and monitored a bluebird trail for many years.
